TELESCOPE DE L'ANDERS DE L'ANDRE DE L'ANDRE

as large as life.

Interesting to Pork Enters. Dr. Dixon, the racy editor of the Sealoel, dissects the dietic qualities of a porker as readily as he slashes into the anat omy of diseased humanity. Either the doctor is right, or Moses of old is wrong.

"The wisdom of the jewish law which prohibits the use of pork will soon be acknowledged by all rational beings .-That swine are afflicted with scrofula and meeting with unbounded happiness.

Have we parted in anger? Time softens us into indifference—at length into gestibility of the flesh is acknowledged,

with the flown spirit to its home in the the farmer, to say nothing of butter, realms of light. The changed but ever which the present catalogue of grasses, inc: asing sadness o" the love that bound cereals, and enlightened irrigation, furus on earth, is no free from its alloy, while the unfectored spirits hover nearer, to watch over us and bear the incense of truthful and purified affection on the classifies the occupant of the household of truthful and purified affection on the classifies the occupant of the household rices.

The western country, what one being is taught to look no higher than to such a repast for the nearest priest for made perfect, in a political conversation. Well, not long ago a "down-east-tion. Well, not long ago a "down-e iologies, his omniverous animal labratointo the great staple-pork. Poor Sir Walter Raleigh! we have often shed a tear for your sad fate; but our wicked a very appropriate lodgement when they besought the Saviour to send them unto the hogs; it is a great pity that the en-

WASHING CALICOES .- The following method of washing dresses or printed muslins, so as to preserve the colors is recommended by competent authority. The dress should be washed in lather, A married man who could give the the soap direct upon the muslin. Make some soon and wa lover take a hint from the toe of her ter together; and let it stand until it is handful of salt. Riuse the dress without wringing it, in clear, cold water, into which a little salt has been thrown. Remove it and rinse it again in a fresh supply of clear, cold water and salt .-Then wring the dress in a cloth and vent any part lying over another .-Should there be any white in the pattern, mix a little blue in the water.

COLD BEDROOMS .- A person accustomed to undress in a room without a and nailo fire and to seek repose in a cold bed, will not experience the least inconvenience, even in the severest weather .--A bachelor whose carpet did not wear The natural heat of his body will very speedily render him even more comfortably warm than the individual who sleeps in a heated apartment, and in a bed thus artificially warmed, and who Shaving boxes soap, strops, compasses, watch will be extremely liable to a sensation chains, kers, toy of chilliness as soon as the artificial heat is dissipated. But this is not all-the constitution of the former will be rendered more robust, and far less suscepwho, after using his tooth pick, laid it tible to the influence of atmospherical vicisitudes than that of the latter .-

WASHING WINDOWS .- The nicest article for washing windows is deer skin, as no particles come off to adhere to the glass and make it look like as if washed with feathers. There is no need of anything larger than a hand basin for wash- waffers, seals genuine barlowes, Horse, ficano ing windows. The great splash some people make in the exercise of their art is useless, and is moreover, deleterious. When the water is permitted to run down in large quantities over the glass it dissolves the putty, and soon loosens the solves the putty, and soon loosens the dolland doll heads, cigar cases, tolacco and panes from their setting, and also stains soulf boxes, san glasses, crochett seedles, pockthe glass. Two pieces of wash leather, et yard sticks, spaying needles, dutch piper, small fancy seented baskets, slate pencils, term and a bowl of suds are all that are nec-Have the courage to acknowledge your age to a day, and to compare it with the average life of man. A MEDICAL REVOLUTION?

HOLLOWAY'S OINTMENT THE GREAT COUNTER IRRITANT

The virtue of disease often makes its way t The virtue of disease often makes its way to the internal organs through the pores of the skin. This penetrating distinct, melting under the hand as it is pubbed in, is absorbed throthe same channels, and, reaching the seat of inflamation, promply and invariably subdues it, whether located in the kidners, the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the ski as summer rain passes into the fovered earth diffusing its cool and regenerating influence.

Skin Diseases and Glandular Swellings. Every species of exterior irritation is quickly reduced by the auti-inflammatory action of this Distinct. Angra Escertors, such as Salz Rainus, Escreptus, Tarres Richardes, Salz Rainus, For twenty years it has maintained its ascen-HEAD, NETTLE RASH, SCABBES (of Heb) &c., die out. to return no more under its application.—
Hospital experience in all parts of the world proves its infallibility in diseases of the skin, the muscles, the joints and the glands.

ULCERS, SORES AND TUMORS. The effect of this aurivaled external remed upon Scrofuls, and other virulent ulcers and sores, is a construction. It first discharges the paison was choroduces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as

Wounds, Bruises, Burns and Scalds, In cases of the fracture of hones, injuries caused by steam explosions, BRUISES, BURNS, SCALDG.
